Leather Chairs.
Complete Set!!

These tables are solid oak and the real leather padded chairs come with matching solid oak with a protective oil. Please be aware of imitations elsewhere that use veneers and faux leathers. If other websites do not stipulate that chairs are real leather or solid oak legs then it is more than probable that they are not. Similarly, some furniture elsewhere are said to be a 'solid table finished in oak', this too is not a real solid oak table. All our products are solid oak and real leather without exception. Therefore, you know you are buying the ultimate quality from Waltons Ranch Ltd at the best prices available anywhere.

We deliver very quickly throughout the UK mainland for only £59. Any questions please feel free to visit us or contact us by telephone on 0191 586 6886 (10am-3pm 7 days a week!).
